

# *It makes* **¢CENTS**

*to recycle.*

Don't pay to have your empty plastic spools picked up, use our 100% recyclable steel cages and get paid for going **GREEN**. For more information on **SuperGlaze** products that are 100% recyclable, go to [www.lincolnelectric.ca](http://www.lincolnelectric.ca) and click on the  button.

All of the materials shown on this page come wound on steel cages that we make ourselves using surplus wire that we accumulate from other wire drawing operations. Once you have used up the welding wire that is on the steel basket you can add it directly to your scrap steel bin, no sorting, no fuss. So instead of paying someone to cart away your scrap plastic spools, you get paid for every empty caged spool you throw in the bin. Now all you have to worry about is where to spend the money.

Material	Brand	Alloy	Diameter in (mm)	Lbs (Kgs)	Pallet Lbs (kgs)
ED703177	SUPERGLAZE	5356	0.035 (0.9)	16 (7.26)	1296 788
ED703178	SUPERGLAZE	5356	3/64 (1.2)	16 (7.26)	1296 788
ED703179	SUPERGLAZE	5356	1/16 (1.6)	16 (7.26)	1296 788
ED703180	SUPERGLAZE	4043	0.035 (0.9)	16 (7.26)	1296 788
ED703181	SUPERGLAZE	4043	3/64 (1.2)	16 (7.26)	1296 788
ED703182	SUPERGLAZE	4043	1/16 (1.6)	16 (7.26)	1296 788
